TERMS AND CONDITIONS OF SALE

PARTIES: Curtis-Toledo is referred to herein as the Seller; the purchaser of any of Seller's goods or services is referred to herein as the Buyer.

PRICE POLICY: Orders are accepted only at the prices shown on Seller's Acknowledgement, and with the further understanding that Seller reserves the right to increase said prices to the prices for such goods in effect at time of shipment and contained in Seller's then current published prices. All prices are FOB shipping point unless otherwise stated. No salesman or any other person has authority to alter or vary Seller's published prices without direct factory approval in writing.

TAXES: Prices quoted do not include any federal, state, or local taxes which Seller may be authorized or required to collect from Buyer: all such taxes shall be added to quoted prices and Buyer agrees to pay same. Tax exemption certificates, as required by federal, state or local regulations, must accompany all orders to which same apply.

TERMS: Terms of payment are subject at all times to approval of Seller's Credit Department. Buyer agrees to make prompt payment of invoice due in accordance with the terms shown on Seller's Acknowledgment, whether for complete or partial shipment.

DELINQUENCY COLLECTION: In the event Buyer fails to pay for any one shipment when same becomes due, or should Buyer's account become otherwise delinquent, Seller may, at its option, either terminate this contract or refuse to ship or deliver goods under this or any other order until such delinquency is cured. Should Buyer's financial condition become unsatisfactory to Seller, cash payments or security satisfactory to Seller may be required by Seller for future deliveries and/or for goods theretofore delivered. Buyer agrees to pay all costs of collection, including reasonable attorneys' fees.

FINANCE CHARGE: A late payment service charge equal to the prevailing interest rate charged by Seller on overdue accounts, which rate shall not exceed 2% per month, shall be assessed on all past due accounts.

DELIVERIES: Dates of delivery are estimated to the best of Seller's ability and are made in good faith, but are not guaranteed. Time specified for delivery commences after receipt of complete information including approved drawing, if required, credit approval and shipping release.

DELAYS: Seller shall not be liable for any failure of or delay in performance of order or contracts directly or indirectly caused by fire, flood, accident, riot, war, priorities, labor trouble or strike, embargo, shortage of labor, material, fuel or power, lack of transportation, compliance with government request, laws, orders or regulations, or any other cause beyond Seller's reasonable control; Seller may suspend delivery hereunder wherever any such event makes impracticable the manufacture, transportation, acceptance or use of a shipment of the goods or of a material upon which the manufacture of the goods is dependent.

DAMAGES, LIMITATIONS: In the event of any breach of the contract of sale, including any warranty provisions incorporated therein, Buyer's exclusive remedy shall be for damages, and Seller's total liability for any and all losses and damages arising out of any cause whatsoever (whether such cause be based in contract, negligence, strict liability, other tort, or otherwise) shall in no event exceed the purchase price of the goods with respect to which such cause arise or, at Seller's option, the repair or replacement of such goods; in no event shall Seller be liable for "incidental", "consequential" or punitive damages resulting from any such cause, and recovery for such damages, as the quoted terms are defined in the Missouri Uniform Commercial Code, is hereby expressly excluded.

CLAIMS BY BUYER: Seller's responsibility to Buyer ceases upon receipt from carrier of a bill of lading or other receipt for goods. All goods are shipped at Buyer's risk; all claims for damage or shortage in transit must be filed by Buyer against carrier, and prosecution of such claims shall be Buyer's sole responsibility. Buyer agrees to examine and inspect each shipment of goods for any damage, defect, or shortage promptly upon receipt of such shipment; all claims for factory damage, defect, or shortage must be made in writing, and must be received by Seller at its plant in St. Louis, Missouri within fifteen (15) days after receipt of goods by Buyer, specifically describing Buyer's claim and making reference to Seller's bill of lading and factory order numbers. Failure of Seller to receive said written notice of any such claim within the above time period shall be deemed an unqualified acceptance of the goods by Buyer and absolute and unconditional waiver by Buyer of any such claim.

PRODUCT CHANGES: Seller reserves the right to change its own specifications and/or designs without incurring obligation. This clause is not applicable to special orders accepted for the manufacture of products or parts for Buyer's specific requirements.

CANCELLATION RETURNS: Orders may not be canceled by Buyer after material has been purchased or manufacturing has begun except upon express agreement of Buyer to pay for all expenses incurred by Seller and a reasonable projection for profit, all as determined by Seller. Seller shall have the right to cancel orders in event of Buyer's delinquency in payment as aforesaid, for any acts or omissions of Buyer that delay Seller's performance hereunder, or in the event of Buyer's bankruptcy or insolvency. Seller shall not be required to accept return of any parts, material or equipment unless Buyer has first received Seller's returned material authorization number. All returns will be refused unless shipped prepaid. Where applicable a reasonable restocking charge will be made.

NOTICE OF CLAIMS, SUITS: In the event that claim is made against Buyer or if Buyer shall be a party to any lawsuit pertaining to any loss, damage or injury for which Seller is or may be liable, Buyers shall give Seller immediate written notice of the existence of such claim or suit. After such notice, Seller may at its option take over the handling of or enter into the defense of any such claim or lawsuit at its expense; if Seller elects to take over such claim or lawsuit, Buyer shall assist Seller in and shall permit Seller to control completely the defense of compromise of same.

HOLD HARMLESS AGREEMENT: Buyer agrees to defend, indemnify and save Seller harmless from any and all costs expenses and/or damages (including attorneys' fees) arising out of any claim of alleged patent infringement by reason of Seller's use of designs or specifications supplied by Buyer.

CERTAIN LAWS: When applicable, the goods shall be produced in compliance with the requirements of the Fair Labor Standards Act of 1938, as amended.

SUCCESSORS, ASSIGNABILITY: The responsibilities and rights created herein shall be binding upon and inure to the benefit of the parties and their respective heirs, executors, administrators, successors and assigns; provided, however, that Buyer shall not (by operation of law or otherwise) assign its rights or delegate its responsibilities hereunder without the prior written consent of Seller, and any such attempted assignment without such written consent shall be void.
